- Integrates with succession and strategic planning

The **PROFESSIONALPRO™** is an ideal tool to help hire either a top performing professional or build a successful team or department.

SELFMANAGEMENT 
GROUP

SELECT | DEVELOP | RETAIN | TOP PERFORMERS

The **PROFESSIONALPRO™** is designed to help select, develop and retain top performing professional people for your organization.

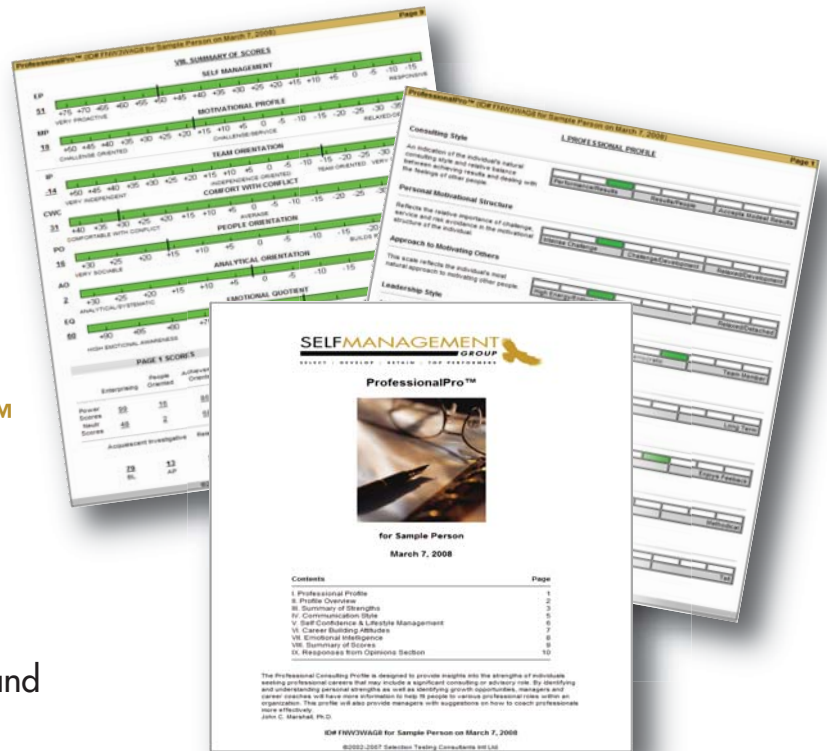

The **PROFESSIONALPRO™** measures 8 separate character traits that predict performance and retention.

In addition, the **PROFESSIONALPRO™** measures self confidence, lifestyle management, listening style and the individual's attitudes about networking, self promotion and managing rejection.

The **PROFESSIONALPRO™** assesses and reports on:

- consulting and leadership styles
- approach to motivating self and others
- decision making, goal setting and approach to feedback
- emotional awareness of self and others (Emotional Intelligence)
- success factors such as self management, motivation, comfort with conflict, confidence and lifestyle management
- listening style and approach to networking

The **PROFESSIONALPRO™** is a normative personality profile which was developed using advanced statistical methods in psychometric research. It has been under constant development since its inception and is now widely used throughout the world.
